

First Basic B.Sc. Nursing Examination, Summer 2018
NURSING FOUNDATION

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION – A and SECTION – B

- Instructions :**
- 1) Use **blue/black ball point pen only.**
 - 2) **Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.**
 - 3) **All questions are compulsory.**
 - 4) **The number to the right indicates full marks.**
 - 5) **Draw diagrams wherever necessary.**
 - 6) **Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.**
 - 7) **Use a common answerbook for all Sections.**

SECTION – A (40 Marks)

1. Short answer question (any five out of six) : (5×5=25)
 - a) Nursing as a profession.
 - b) Levels of disease prevention.
 - c) Care of pressure points.
 - d) Role of nurse in infection control.
 - e) Post operative care.
 - f) Non-pharmacological management of pain.

2. Long answer question (any one out of two) : (1×15=15)
 - a) Explain factors affecting body temperature. (4)
 Write in detail nursing management of patient with fever. (6)
 Describe effect of cold application on body. (5)
 - b) Explain various methods of oxygen inhalation. (5)
 Write nursing management of patient with dyspnea. (6)
 Write observations to be done while giving steam inhalation. (4)

SECTION - B (35 Marks)

3. Short answer question (any four out of five) :

(4×5=20)

- a) Chest physiotherapy.
- b) Principles of bandaging.
- c) Methods of health assessment.
- d) Principles of Ryles tube feeding.
- e) Care of rubber goods.

4. Long answer question (any one out of two) :

(1×15=15)

- a) Write responsibilities of nurse in admission process. (5)
- Brief importance of records and reporting. (5)
- Describe barriers of effective communication (5)
- b) Describe various factors influencing health. (5)
- Brief about health belief model. (5)
- Write impact of illness on patient and family. (5)

First Basic B.Sc. Nursing Examination, Winter 2017
NURSING FOUNDATION

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION – A and SECTION – B

- Instructions:**
- 1) Use blue/black ball point pen only.
 - 2) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) All questions are compulsory.
 - 4) The number to the right indicates full marks.
 - 5) Draw diagrams wherever necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for all Sections.

SECTION – A (40 Marks)

1. Short answer question (any five out of six) : (5×5=25)
 - a) Health illness continuum.
 - b) Admission procedure.
 - c) Communication skills.
 - d) Levels of critical thinking in Nursing.
 - e) Importance of Reports.
 - f) Maslow's hierarchy of Needs.
2. Long answer question (any one out of two) : (1×15=15)
 - a) Define Blood Pressure. Write factors affecting blood pressure and assessment of blood pressure.
 - b) Discuss Peplau's theory and its implication to nursing.

SECTION – B (35 Marks)

3. Short answer question (any four out of five) : (4x5=20)
- a) Role of nurse in providing safe environment.
 - b) Factors affecting sleep.
 - c) Body mechanics.
 - d) Measuring fluid intake and output.
 - e) Stages of grieving and Nursing implication.
4. Long answer question (any one out of two) : (1x15=15)
- a) Explain Health history taking Methods of Physical Examination and assessment of cardiovascular system.
 - b) Explain composition and characteristics of urine. Factors Influencing Urination and Condom drainage.
-

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the **Question** is out of **syllabus**. As it is only for the placement sake, the distribution has been done.
- 7) Use a common answer book for **all** sections.

Section "A" (40 Marks)

1. Short answer question (any five out of six) : (5x5=25)
 - a) Functions of hospital.
 - b) Methods of Physical examination.
 - c) Nursing intervention to promote sleep.
 - d) Five rights for safety in administering drugs.
 - e) Nursing as a profession.
 - f) Comfort devices.

2. Long answer question (any one out of two) : (1x15=15)
 - a) Define nursing process. Enlist the steps of nursing process. State the difference between actual and potential problem. Explain data collection methods.
 - b) Define Pyrexia. Enumerate factors affecting body temperature. List different types of fever. Describe nursing management of patients with fever.

Section "B" (35 Marks)

3. Short answer question (any four out of five) : (4x5=20)
 - a) Importance of records and reports.
 - b) Nursing responsibility during oxygen administration.
 - c) Principles of body mechanics.
 - d) Standard safety precautions.
 - e) Basic life support.

Introduction

The purpose of this document is to provide a comprehensive overview of the project's objectives and scope.

The project aims to develop a robust system that can handle complex data sets and provide accurate results. The scope of the project includes the design, development, and testing of the system, as well as the implementation and deployment of the final product.

The system will be designed to be scalable and flexible, allowing it to adapt to changing requirements and data volumes. The development process will follow a structured approach, ensuring that all requirements are met and the system is thoroughly tested.

The project is expected to be completed within a timeline of six months. The team is committed to delivering a high-quality product that meets the needs of the stakeholders and provides a significant contribution to the field.

The project is supported by a dedicated team of experts in the field, who will work closely together to ensure the success of the project. The project manager will provide regular updates on the progress of the project and any issues that arise.

4. Long answer question (any one out of two) :

(1x15=15)

- a) Define enema. What are the various types of evacuant enemas ? Explain about simple cleansing enema and important observations to be recorded.
- b) Define communication. Explain in short techniques of therapeutic communication. What are the points to be kept in mind while communicating with physically challenged clients ?
-

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all Sections**.

SECTION – A

(40 Marks)

1. Short answer question (**any five out of six**) : (5x5=25)
 - a) Concept of Health : Health illness continuum.
 - b) Health care team.
 - c) Nursing as a profession.
 - d) Consumer rights.
 - e) Assessment of respirations.
 - f) Maslow's hierarchy of needs.

2. Long answer question (**any one out of two**) : (1x15=15)
 - a) Discuss meaning of communication, levels, types, modes and methods of effective communication.
 - b) Describe the patients unit. How will you prepare the unit to receive an admission. Write the scientific principles of bed making.

P.T.O.

SECTION – B

(35 Marks)

3. Short answer question (any four out of five) :

(4x5=20)

- a) Types of fever.
- b) Hot water bag application.
- c) Care of the unit after discharge.
- d) Role of nurse in providing safe and clean environment.
- e) Medical asepsis and surgical asepsis.

4. Long answer question (any one out of two) :

(1x15=15)

- a) Discuss principles of body mechanics, importance of maintaining normal body alignment and mobility, hazards associated with immobility.
- b) Discuss grief and grieving process, signs of clinical death and care of dying patient.

As it is only for the placement sake, the distribution has been done.
 - 7) **Use common answer book for all Sections.**

SECTION - B**(30 Marks)**2. Answer the following (**any five** out of six) :**(5×3=15)**

- a) List down the ethical principles.
- b) Care of patients unit after discharge.
- c) Barriers of effective communication.
- d) Factors affecting sleep.
- e) Principles of bandaging.
- f) Enlist the different types of enema.

3. Answer the following (**any three** out of four) :**(3×5=15)**

- a) Barrier nursing.
- b) Hot applications
- c) Functions of hospital
- d) Nursing as a profession.

SECTION - C**(30 Marks)**4. Answer the following (**any two** out of three) :**(2×15=30)**

- a) Define nursing. Discuss the importance of records and reports. Explain the steps of nursing process.
- b) Enlist the methods of oxygen administration. List the Indication of oxygen administration. Discuss the Nurses responsibility in oxygen administration.
- c) List down the methods of medicine administration. Explain the rights of medicine administration. Write the Nurses responsibility in administration of drugs.

First Basic B.Sc. Nursing Examination, Winter 2011
NURSING FOUNDATION

Total Duration Section A + B + C = 3 Hours

Section B & C Marks : 60

SECTION - B & SECTION - C .

- Instructions:*
- 1) All questions are compulsory.
 - 2) The number to the right indicates full marks.
 - 3) Draw diagrams wherever necessary.
 - 4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - B

2. Answer any five out of six :

(5×3=15)

- a) Indications of Nasogastric tube feeding.
- b) Purposes of physical examination.
- c) Causes of pressure sores.
- d) Collection of urine for culture.
- e) Interventions to promote sleep.
- f) Elements of communication.

3. Answer the following (any three out of four):

(3×5=15)

- a) ~~Effects of neglected mouth.~~
- b) Nursing responsibilities in oxygen administration.
- c) Range of Motion Exercise (ROM).
- d) Stage of grieving by Kubler Ross.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail.

2. The second part of the document outlines the various methods used to collect and analyze data. These methods include direct observation, interviews, and the use of statistical techniques.

3. The third part of the document describes the results of the study. It shows that there is a significant correlation between the variables being studied, and that the findings are consistent with previous research.

4. The fourth part of the document discusses the implications of the study. It suggests that the findings have important implications for practice and for further research in the field.

5. The fifth part of the document concludes the study. It summarizes the main findings and provides a final statement on the significance of the research.

6. The final part of the document contains the references and the appendix. The references list the sources used in the study, and the appendix provides additional information that supports the findings.

First Basic B.Sc. Nursing Examination, May/June 2010

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION - B & SECTION - C

Instructions: 1) All questions are compulsory.

2) The number to the right indicates full marks.

3) Draw diagrams wherever necessary.

4) Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - B

2. Answer any five out of six :

(5×3=15)

- a) Principles of Bandaging
- b) Essentials of medication order
- c) Stages of rigor
- d) Steps of Back massage
- e) Functions of hospital
- f) Factors which affect the blood pressure.

3. Answer any three out of four :

(3×5=15)

- a) Methods of communication
- b) Importance of records and reports.
- c) Positions used in Nursing.
- d) Dark Ages of Nursing.

SECTION - C

4. Attempt any two out of three :

(2×15=30)

- | | |
|---|---|
| a) i) Define pressure sore. | 2 |
| ii) Discuss the causes of pressure sore. | 5 |
| iii) List down the common sites of pressure sore. | 3 |
| iv) Describe the preventive measures for pressure sore. | 5 |
| b) i) Define Bed. | 2 |
| ii) List down the methods of Bed making. | 5 |
| iii) Describe the purposes of a postoperative Bed. | 3 |
| iv) Discuss the principles of Bed making. | 5 |
| c) i) Define profession. | 2 |
| ii) Describe the characteristics of a profession. | 5 |
| iii) Discuss Nursing as a profession. | 8 |

First Basic B.Sc. Nursing Examination, May/June 2009

NURSING FOUNDATION

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION - B & SECTION - C

Instructions: 1) All questions are compulsory.

2) The number to the right indicates full marks.

3) Draw diagrams wherever necessary.

4) Do not write anything on the blank portion of question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.

SECTION - B

(30 Marks)

2. Answer the following (any five out of six):

(5×3=15)

- a) Importance record and report in patient care.
- b) Basic life support.
- c) Nebulization and nursing care.
- d) Factors affecting communization.
- e) Principles to be observed for making occupied bed.
- f) Care of rubber goods.

3. Answer the following (any three out of four):

(3×5=15)

- a) Discuss principles to be observed while bandaging a wound; state types of material used for bandaging.
- b) Collection of specimen for Urine Microscopic examination.
- c) Types of Nursing care plan.
- d) Hospice care.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author details the various methods used to collect and analyze the data. This includes both manual and automated techniques. The results of these analyses are presented in a series of tables and graphs, which clearly illustrate the trends and patterns observed in the data.

The final part of the document provides a comprehensive summary of the findings. It highlights the key insights gained from the study and offers practical recommendations for future research and implementation. The author concludes by expressing confidence in the reliability of the data and the validity of the conclusions drawn.
